The European Central Bank is seeking students and graduates (Master & PhD) in ICT
Politecnico di Milano
November 3, 2016 – 17:00
Sala Conferenze - DEIB

The European Central Bank lunches the 2017 DG-Information System Traineeship campaign to recruit master students of courses in engineering and science interested in a stimulating and challenging experience with an international environment.

During the presentation, students will have the opportunity to get information on the program and the application process.

For students close to graduation or already graduated, also an overview of the job opportunities will be presented.

Where: Politecnico di Milano – Sala Conferenze DEIB, via Ponzio 34/5

Registration:
