

PROF. STEFFI KNORN
TECHNISCHE UNIVERSITÄT BERLIN (TU BERLIN)

On the (Im-)Possibility of Controlling a Stirring Process

Thursday, 19 March
10:30 – 11:30
Sala Schiavoni

In this seminar, **Prof. Knorn** will explore the challenges and fundamental limits of controlling a stirring process, highlighting key concepts in process dynamics and control theory.

A short joint presentation on the **ENHANCE Guided Path in Control and Automation Engineering** will follow at 11:30 for those interested.
