

Mid-term Review & Community Meeting

PhD Program in Bioengineering

8th June 2026

15:00 - 18:00

New Conference Hall, Building 20A

Entrance: Via Ponzio 34, Milano

The Mid-term Review and Community Meeting is a key milestone for second-year PhD candidates. Through a poster session and structured discussions, candidates present ongoing research to evaluation committees and engage with Faculty, supervisors, fellows, and members of the Advisory Board. The event supports constructive feedback, fosters scientific dialogue, and strengthens the PhD community through networking and informal exchange.

PLENARY SESSION

14:45 - 15:00 Registration and welcome coffee

15:00 - 15:15 Welcome

Raffaele Dellacà, Coordinator, PhD Program in Bioengineering

15:15 - 15:45 From PhD to Professional Impact: Skills, Mindset, and Opportunities

Katia Passera, CTO, R.A.W. Srl

Antonio Alessandrino, Founder & CTO, Klisbio Srl

POSTER SESSION

15:45 - 17.45 The session is open to all participants. PhD candidates present their research to evaluation committees as well as to the public.
